FOR IMMEDIATE RELEASE

the Spaceless Gallery at NOMAD Hamptons 2026

The Watermill Center, New York | Booth F1B

The Spaceless Gallery is pleased to announce its participation in NOMAD Hamptons 2026, the fair's inaugural U.S. edition, taking place at The Watermill Center, the visionary arts institution founded by Robert Wilson. For its first East Coast edition, NOMAD will bring together international galleries presenting curated exhibitions of collectible design and contemporary art, accompanied by a program of talks, events, and special visits.

The Spaceless Gallery's presentation will feature works by Renée Demsey, Thomas Engelhart, Hugh Findletar, Ruan Hoffmann, Zoe Imber, Sophie Kitching, Grant Levy-Lucero, Lara Porzak, Olga Sabko, Gabriel Sobin, aurèce vettier, and Antoine Wagner.

The booth brings together artists whose practices engage with materiality, memory, nature, and transformation. Across painting, sculpture, ceramic, glass, photography, and collectible design, the works form a conversation between the intimate and the architectural.

Together, these artists reflect the gallery's interest in works that live beyond the traditional white cube: pieces that engage with space, atmosphere, and the emotional character of an interior. In the spirit of NOMAD's site-specific format, the presentation approaches art and design as an immersive language, one shaped by place, presence, and sensory experience.

About the Spaceless Gallery

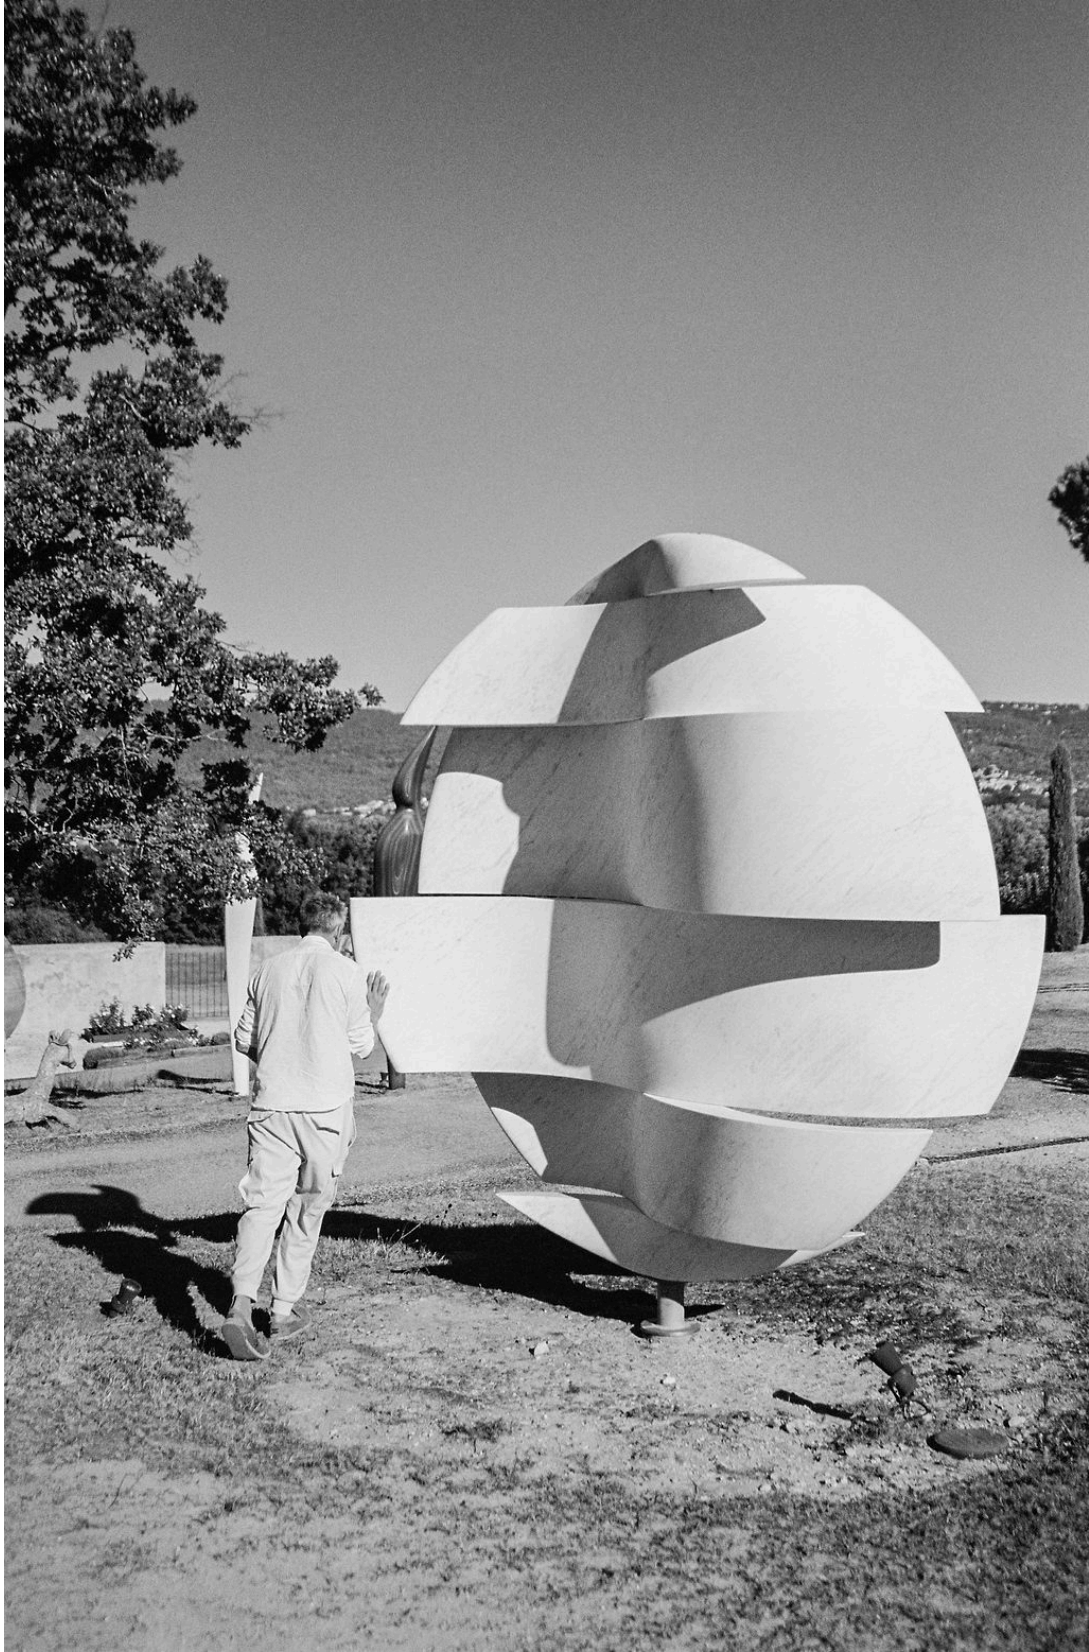

Founded in Paris and operating between Europe and the United States, the Spaceless Gallery is a nomadic gallery dedicated to presenting contemporary art in dialogue with architecture, design, and lived environments. Through exhibitions, collaborations, and site-specific projects, the gallery fosters new contexts for experiencing art beyond traditional gallery spaces.
