FOR IMMEDIATE RELEASE

the Spaceless Gallery at The Aspen Art Fair 2026

Hotel Jerome | Aspen, Colorado

The Spaceless Gallery returns to Aspen this summer with a presentation at the historic Hotel Jerome, bringing together eleven international artists whose practices explore the evolving relationship between nature, craftsmanship, and contemporary material experimentation.

Spanning sculpture, ceramics, glass, photography, tapestry, painting, and functional design, the exhibition is a marriage of art, design, and artisanal savoir-faire.

Among the highlights are aurèce vettier's monumental bronze tree sculpture and newly woven Aubusson tapestry, Lara Porzak's official launch of her monograph *The Chemistry of Memory*, and Antoine Wagner's hand-painted Steingraeber grand piano, all presented alongside a selection of works from our other artists.

About the Spaceless Gallery

Founded in Paris and operating between Europe and the United States, the Spaceless Gallery is a nomadic gallery dedicated to presenting contemporary art in dialogue with architecture, design, and lived environments. Through exhibitions, collaborations, and site-specific projects, the gallery fosters new contexts for experiencing art beyond traditional gallery spaces.
